

## Step 1: Connect Grizzl-E Smart to ChargeLab

**Note:** Ensure Firmware Version 5.43 is installed on the Grizzl-E Smart before connecting to ChargeLab. Check your account on acharger or contact United Chargers to get your firmware version. If you purchased the Grizzl-E Smart before January 31, 2022, and do not have Firmware Version 5.43 please fill out the Technical Support Form on grizzl-e.com.

1. Plug in the Charger. Ensure indicator light is alternating Blue and Purple.
2. Open the Wi-Fi settings on your smartphone or desktop.
3. Connect to the network **UC\_Smart\_Serial#**. Find the Charger Serial Number on the white label on the side of the Grizzl-E Smart.
4. Open the browser on your phone or desktop.
5. Enter the IP address **192.168.4.1** into the browser search bar. A webpage will load.
6. Select the **Enter Credentials** button.

7. Type the SSID (Wi-Fi network name) into the SSID field.
8. Type the Wi-Fi password into the Password field.
9. Type **ocpp.io/serial#** into the Portal URL field. Find the Charger Serial Number on the white label on the side of the Grizzl-E Smart.  
Example: ocpp.io/GRS-4011000123
10. Select the **Enter Credentials** button.
11. Wait 30 seconds to verify that your device is connected. If the connection is successful the indicator light will alternate between Blue and Cyan.

## Step 2: Register with ChargeLab

Manage your Grizzl-E Smart with the ChargeLab app.

Use the ChargeLab app to get the most out of your Grizzl-E charging experience:

- ✓ View charge status and track your charging activity and history
- ✓ Set a custom schedule to charge overnight when your utility costs are lowest and to reduce your carbon footprint (February 2022)
- ✓ Find and use any public charger in the ChargeLab and partner networks
- ✓ Later in 2022: notifications, access controls, power-sharing and more

Download the ChargeLab app to create an account:

Contact us at [support@chargelab.co](mailto:support@chargelab.co) and provide your:

- ✓ ChargeLab account email address
- ✓ Serial number for your Grizzl-E charger
- ✓ Home address

We will complete your registration and notify you when ready for use with the app.
