

Step 1: Create an Account on ChargeLab

Download the [ChargeLab](#) app from the Google Play Store or Apple App Store.

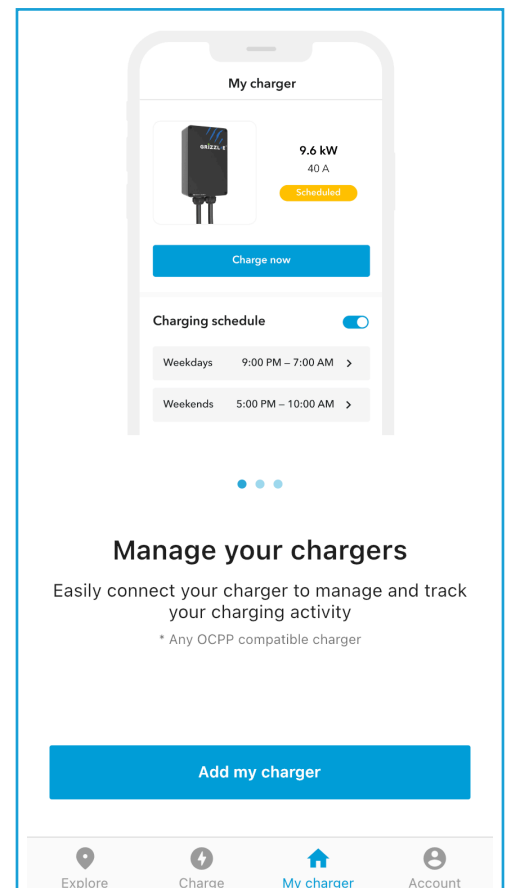

Sign up for an account on the Account screen.
Provide your:

- ✓ First and Last Name
- ✓ Email Address
- ✓ Phone Number

Verify the account creation before proceeding.

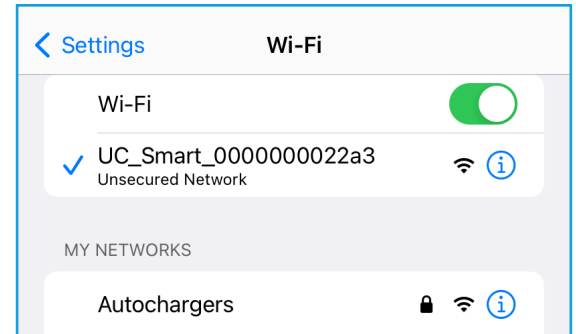

Step 2: Add Grizzl-E Smart to Account

1. In the ChargeLab app select the My Charger screen.
2. Select **Add My Charger**.
3. Select Grizzl-E as the Manufacturer and Grizzl-E Smart as the Model.
4. Select the **Next** button.

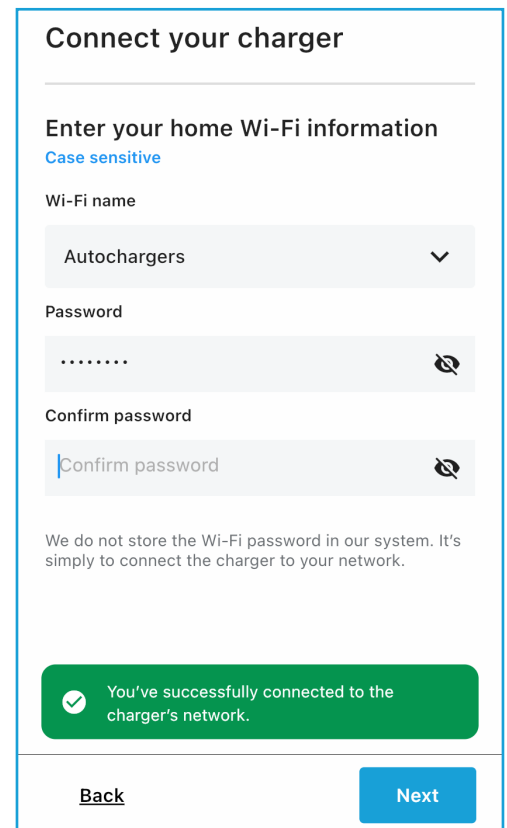

5. Exit the ChargeLab App and go to your Wi-Fi Settings.
6. Connect to the Network **UC_Smart_ChargerSerial###**.

7. Go back to the ChargeLab app. Select the **Next** button. The app will verify that you are connected to the charger's network.
8. Select your Wi-Fi network from the list of available networks.
9. Enter the Wi-Fi Password and confirm the password.
10. Select the **Next** button.

11. Wait for the app to connect and register the Grizzl-E Smart. Do not close the app or run in the background while the setup process is running.
12. Verify the Indicator Light on the Grizzl-E Smart is **Blue/Cyan** alternating and shows as available on the ChargeLab app.
